

Are you a leader who knows how to walk the walk as well as talk the talk when it comes to getting our community active?

Then Sport Southland wants to hear from you.

Sport Southland has an exciting position available for a superstar General Manager who can think outside the square, is innovative, and knows how to get results.

The person we are looking for will be responsible for working alongside our chief executive in leading the team towards achieving Sport Southland's vision of everyone active every day.

To do that you are going to need some top notch communication skills, be a strategic thinker who can think outside the square, have experience working in and leading a team of energetic and creative minds, and be able to juggle a fair few tasks – but you're a superstar, so you'll handle that no sweat.

Because we know how much being active enriches lives, we'd love it if our new General Manager was passionate about community wellbeing, and about making a positive difference in the community. And if they had the ability to not only come up with some amazing ideas, but also to lead the team towards making them happen.

An ability to build and maintain relationships with key stakeholders in our community is also essential.

If you think this sounds like you, send your CV and a completed application form to jobs@sportsouthland.co.nz
