

Stakeholder Survey Results 2019

THANK YOU FOR YOUR FEEDBACK

We asked you to complete a Stakeholder Survey for us in June/July. We are encouraged by a clear, positive trend across the board.

The survey has also given us useful information on how we can further improve our services.

HOW DID WE DO?

75%

rated Aktive's performance as good, very good or excellent (better than last year)

98%

rated Aktive's performance as the same or better than last year

80%

had a good, very good or excellent understanding of *The Auckland Approach to Community Sport*

THESE ARE POSITIVE RESULTS THAT WE KNOW WE CAN IMPROVE...

Based on your feedback, the key areas of focus for us for the next year will be:

Helping the sector come together more frequently, to collaborate and share ideas

Clarifying how Aktive and our delivery partners (CLM Community Sport, College Sport, Harbour Sport, Sport Auckland & Sport Waitakere) can each support your organisation

Continuing to share examples of the impact of *The Auckland Approach to Community Sport*

Thank you again for your feedback. We're here to help and we will continue to work hard to progress *The Auckland Approach to Community Sport* - our strategy for making Auckland the world's most active city
